What is the 3M Cloud Library?

The 3M Cloud Library is a new way Highland Park Public Library cardholders can checkout eBooks. Now you can check out a book on an iPad, take notes while reading on a PC, and finish the book on an Android phone or Nook HD.

Why Do We Use Both MyMediaMall and 3M Cloud Library?

3M Cloud Library offers eBooks while OverDrive also offers eaudiobooks. 3M Cloud Library is a new, easy to use service. We offer both services in order to remain focused on providing you with innovative ways to browse, borrow and read popular fiction and non-fiction eBooks.

How Do I Search?

The best way to search currently is by searching both services independently. At this time, there is no integrated search feature that searches both [Overdrive](#) and [3MCloud Library](#) simultaneously. We strongly advise logging in to either service before beginning your search.

I Like Books, but do you have full-color downloadable magazines too?

Yes! You can download and read over 60 free digital magazines by using Zinio. Check out our [Zinio page](#) for full instructions.

Having trouble?

Call the Reference Desk for help at 847-681-7031 or [email us](#).
