

Disc Care

Proper care and handling of library CDs and DVDs ensures error free performance.

If you have any difficulty with discs from the library, **please contact us.**

Here are a few tips:

- Do not bend, flex, or drop.
- Handle by the edges or the center hole; do not touch the surface of the disc.
- Discs scratch easily, be careful not to scratch either side of the disc.
- Keep dirt, fingerprints, and other foreign materials off the disc.
- If you must clean the disc, please use warm water or glass cleaner.
