

Summer 2008 - The Barracks Thief by Tobias Wolff

The Barracks Thief is a brief yet powerful tale of three young paratroopers waiting to be shipped out to Vietnam. Brought together one sweltering afternoon to stand guard over an ammunition dump threatened by a forest fire, they discover in each other an unexpected capacity for recklessness and violence. Far from being alarmed by this discovery, they are exhilarated by it; they emerge from their common danger full of confidence in their own manhood and in the bond of friendship they have formed.

This confidence is shaken when a series of thefts occur. The author embraces the perspectives of both the betrayer and the betrayed, forcing us to participate in lives that we might otherwise condemn, and to recognize the kinship of those lives to our own.
