Trapped

Author:

Michael Northrop

Reading Level: Grades 7+

When school closes early because of a snowstorm, Scotty's first reaction is anger, that his basketball game is canceled. His anger soon abates when his best friends Jason and Pete smooth-talk their way into the shop to work on a go-kart until rides arrive. Soon the only people left in the school are Scotty, Jason, Pete, two freshman girls, a weird kid named Elijah, a thug named Les, and the teacher responsible for waiting until everyone's ride came. The snow keeps falling, unrelenting, and it dawns on the group that no one is coming. When the lights of a snowplow appear faintly in the distance, Mr Gossell, history teacher / assistant football coach, plunges out into the storm looking for help.

He never makes it back.

Soon, the power is out and the seven students realize they're going to be stuck at school for a while; but no one knows they're there.

Trapped is a literally chilling survival story of friendship in dire straits.
